Luxury apartment directly at the beach

This complex is a luxury front-line beach residential complex, offering the exclusivity and privacy that one would expect from a first class complex. Designed with the characteristic charm of traditional Mediterranean architecture, combined with the amenities of the 21st century and domotic system in every apartment.

Each of the one-, two- or three-bedroom apartments is located around a swimming pool and tropical gardens, and they enjoy fantastic sea views. The complex also provides full aparthotel services including 24-hour security and concierge, dry cleaning, meeting rooms, bar-terrace, restaurant and a fully equipped spa & fitness area.

All services are available to the owners. Owners may also offer their apartment to the aparthotel for rent, yielding a profitable return of their investment.

The Mediterranean style of the architecture at this complex provides apartments with open spaces and light-filled, clear spacious interiors. Style, design and top quality materials complete the embodiment of maximum luxury and comfort: domestic installation, marble bathrooms, acoustic insulation, under-floor heating, gourmet kitchen, etc.

All this is surrounded by 11.800 m² of exuberant, colourful tropical gardens featuring two spectacular swimming pools with waterfalls and ponds, where several private pavilions have been installed to provide a spot of peace and quiet where you can enjoy the views and sea breeze.

Tropical Gardens

All apartments at this complex face the tropical gardens, with ample terraces and sun decks where you can enjoy the views of the sea and the swimming pool, an inviting location for a perfect breakfast or a romantic dinner al fresco. The penthouse suites, located at the top of the building, have a private Jacuzzi on their terraces, in addition to having spectacular panoramic views.

The complex is located on the Costa del Sol, where you will enjoy an excellent climate, with more than 320 days of sunshine a year, and with spectacular views to the Mediterranean. The new "Golden Mile", as this part of the coast is known, is ideally located between Marbella and Estepona, placing you nearby the exclusive services the area offers: prestigious golf courses, fine sandy beaches, sports centres, health and beauty centres, or the luxury of Puerto Banús with its lively nightlife and its fashionable shops.
